

# NEW PRODUCT RELEASE

## A225 KEE BLOK®

Our new model A225 Kee Blok® is designed to lock over the larger lever handle locks now manufactured by Falcon, General, Marks, PDQ, Yale and others. Like our other Kee Blok® models just lock over the lever and all existing keys are locked out.

See our web site for a KEE BLOK® compatibility chart that will list what KEE BLOK® will work with the different lock models.

Available both keyed alike and keyed different
